Hi Nancy,

Kent and I were just discussing labels/labeling and all the regs surrounding them and we were thinking it might be a good idea to have one or two of the upcoming webinars be about the labels (and which ones are required and what's required) and labeling process. We are finding we are getting many questions about the labels and labeling regs; have you presented anything about this to other groups? Do you think it would be beneficial? Would you be willing to do it a couple times (again encompassed in 1 or 2 of the 5 or so we hope to have in the next couple weeks with you)?

As always, thank you!!!
